

If you like Pina Colodas, or just sipping them while listening to great beach music, The Clammers are the only choice for your next event. Performing hits by Jimmy Buffet, Van Morrison and Bob Marley among many others, this talented duo brings a peaceful, easy feeling to any occasion. Acoustic guitar is overlapped with harmonica and vocals to soothe the crowd into a mellow mood, sure to last all night. So if you're in need of quality hits played true to their original form, it's Clammertime, and come Monday, it'll be alright.
