

The sound of a Big 'ol New Orleans party! Hire The Big Greasy Brass Band for your next event and have your own Mardi Gras anywhere! The band will lead a second line parade through the premises and get all your guests dancing to the beat. From the Dixieland tunes of Louis Armstrong and his Hot Seven, to the piano filled New Orleans Boogie Woogie of Professor Longhair and Dr. John, to the modern funk of The Meters and The Dirty Dozen, this group will march onto the stage and bring the spirit of N.O.L.A. to your party in a major way. So bake your king cakes, gather up your sparkliest beads, get your party mask on and get ready to celebrate in French Quarter style. The Big Greasy Brass band will provide music that the Zulu King himself would be proud of!
